PASCO-HERNANDO STATE COLLEGE®

2015 Annual Security Report

At the end of this report are copies of the crime statistics for the calendar years 2013 and 2014 for PHSC.

While the following reports show only those crimes required to be reported under the Clery Act, those are not the complete picture of criminal activity at the College. Like all communities, PHSC does have to deal with criminal offenses committed within its boundaries. The non-reportable crimes that occurred at PHSC during 2014 are as follows:

**West Campus**

Petit Theft – 1 (value of property stolen does not exceed $300)

Fraud (passing counterfeit money) – 1

**East Campus**

Petit Theft - 1

Grand Theft – 2 (Value of stolen property is in excess of $300)

**North Campus**

None

**Porter Campus at Wiregrass Ranch**

Grand Theft - 1

**Spring Hill**

Child Abuse – 1

The full three year report on PHSC campus crimes may be viewed here: http://phsc.edu/emergency-information/crime-statistics

Full statistics for the 2014 calendar year will be posted after data collection closes in October 2015.

In certain limited circumstances, the College may withhold or withdraw criminal activity from a report. Withholding or withdrawing is only allowed where the incident has been fully investigated by a sworn law enforcement officer and the officer has, in writing, determined that the complaint is “unfounded”. An unfounded complaint exists only
where the available evidence does not support the allegations as determined after a complete investigation. Actions by the Court, the coroner, the prosecution or other similar entities do not justify withholding or withdrawing and do not create an “unfounded” complaint. The College has not withdrawn or withheld ANY criminal reports for the past three years.

**Violence Against Women Act Report**  
(A supplement to the 2014 Annual Security Report)

The Violence Against Women Act (VAWA) was signed into law on March 7, 2013 and requires Colleges to report incidents of stalking, domestic violence, dating violence and sexual assault that occur on campus or for which arrests or disciplinary actions result on the campus. Incidents occurring during officially sanctioned travel or events away from campus in which students are involved must also be reported. Additionally, Colleges are required to have certain policies and procedures in place intended to educate and prevent occurrences of violence against women and also to have programs available to address the needs of those affected by such acts. The College is required to provide this report to all current students, faculty and staff in the annual security report.

For the calendar year 2014 the College was not made aware of any crimes or activities required to be reported in accordance with Federal Law. VAWA requires that the College report all incidents covered by the act.

All students, faculty and staff should be familiarize themselves with District Board of Trustees Rule 6Hx19-1.33, *Sexual Assault Prevention and Response Measures* and Internal Management Memorandum 1-12, *Sexual Assault Prevention and Response Measures*.

Students or employees who are victims of or witnesses to sexual assault, domestic violence or other violent criminal activity are encouraged to report those incidents, and witnesses to such incidents are required to report them in accordance with the procedures established in the above Rule and Procedure.

Students who are affected by any of the acts above are encouraged to seek assistance through the Student Assistance Program 1-800-878-5470.

Employees who are affected by any of the acts above are encouraged to seek assistance through the Employee Assistance Program **1-800-272-7252**.

**Both of these programs offer free initial services as well as limited counseling and consultations for free.** For more information on the EAP please click here:
http://internal.phcc.edu/departments/hr/eap.htm: For more information on the EAP please click here: http://phsc.edu/services-students/student-assistance-program.

The College currently offers training on the preventions of VAWA related crimes through the employee orientation program and the new student orientation program. The College provides relevant programs for employees at the annual all college day professional development session and provides access to online and in person seminars throughout the year. The College is continuing efforts to enhance its program of prevention training.

Student receive similar training through functions of various clubs, campus and college wide activities, athletic workshops and at student leadership retreats. Additionally, the College’s “Code of the Road” form completed by students who travel for school related activities contain basic prevention and response information. These programs are open to all students.

### Unfounded Crimes

Of those crimes that occurred On Campus, in On-campus Student Housing Facilities, on or in Noncampus property or buildings, and on Public Property, enter the number of crimes that were unfounded. The total number of unfounded crimes should include all criminal offenses, hate crimes, arrests or disciplinary action referrals for weapons, drug or liquor law violations, and domestic violence, dating violence, or stalking incidents that have been unfounded.

If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded”. Only sworn or commissioned law enforcement personnel may unfound a crime.

Count unfounded crimes in the year in which they were originally reported.

### Unfounded Crimes

Of those crimes that occurred on campus, in on-campus student housing facilities, on or in noncampus property or buildings, and on public property, enter the number of crimes that were unfounded.

The total number of unfounded crimes should include all criminal offenses, hate crimes, arrests or disciplinary action referrals for weapons, drug or liquor law violations, and domestic violence, dating violence, or stalking incidents that have been unfounded.

If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is "unfounded". Only sworn or commissioned law enforcement personnel may unfound a crime.

Count unfounded crimes in the year in which they were originally reported.
