Most students completing their first workshop are excited, inspired, and wanting more; for this majority, membership in the Encore Academy is the best value. Encore Academy offers membership opportunities to those age 50 and over from only $125 per academic year. Part-time residents of the area and others who may not want to join for a full academic year may join for $99 per term. Students may choose up to 20 hours of workshops per membership term.

- Computer Skills and Technology

PHSC offers a variety of courses that can improve computer skills, from basic word processing and Internet use to courses that prepare students for high-tech industries.

The Plus 50 Completion Program
Lack of computer skills is the major obstacles facing plus 50 individuals from returning to college to complete a degree or certificate or to obtain the skills needed to get a job. The Plus 50 Completion Program at Pasco-Hernando State College is designed to address this challenge.

Through the Plus 50 program, PHSC schedules a series of Back to School workshops to introduce or upgrade the computer skills of plus 50 students, so they may enter the classroom with more confidence. PHSC’s Plus 50 Job Seekers workshops address how to seek, find, and apply for a job in today’s market.
