Imagine the possibilities.
A practical, smart and affordable choice. PHSC’s Associate in Arts (AA) degree allows students to transfer as a junior to a Florida public university or state college baccalaureate program in two years or less. The AA degree serves as the foundation for almost any bachelor’s degree. The sky’s the limit!

Believe in your potential.
Whether you have a career goal in mind or are undecided, your unique talents and abilities serve as the building blocks of a rewarding career. PHSC provides career selection tools, pre-college level classes, tutoring and support services.

Achieve success.
Essential strategies and relevant tools are acquired through student-centered, results-focused teaching by dedicated, highly-credentialed instructors and a supportive staff. You, too, can succeed with a degree from PHSC.

Imagine • Believe • Achieve
Start with an Associate in Arts (AA) Degree

Many professions require a bachelor’s degree from a four-year college or university. PHSC’s Associate in Arts degree allows students to complete the first two years of a Bachelor of Arts or Bachelor of Science degree conveniently and affordably. Based on 60-credit-hours, the AA degree is equivalent to freshman and sophomore classes offered at Florida public universities and colleges. With guaranteed admission as a junior into one of Florida’s public universities or baccalaureate programs offered by the Florida College System, graduates are prepared to advance to upper level coursework.

The AA Degree Advantage

AA degree recipients have mastered college success skills and have learned to balance work, family and college obligations. In fact, Florida College System students transferring to a four-year program out-perform students who begin their studies as university freshmen.

AA degrees can be customized to meet degree program requirements at targeted transfer institutions. With the help of a PHSC advisor, students can select electives to prepare for career-specific, transfer opportunities.

Finish your bachelor’s degree at PHSC!

Now a state college, PHSC offers two baccalaureate degrees. AA degree graduates are eligible to apply for the popular new Bachelor of Applied Science in Supervision and Management. While the new Bachelor of Science in Nursing (BSN) degree requires an Associate in Science degree in nursing, AA degree general education credits apply toward BSN pre-requisites and core credits needed for this limited-access program. As new bachelor’s degrees are developed, AA degree completers will have opportunities to pursue additional PHSC baccalaureate program options.

The PHSC Experience

Flexible and convenient, PHSC’s AA degree program allows students to schedule courses based on goals, finances, and family and work obligations.

PHSC offers:

• experienced, well-credentialed faculty
• student-centered, results-focused instruction
• excellent faculty-to-student ratio
• traditional, online and hybrid courses
• option to complete program completely online
• affordable tuition
• five convenient campus locations
• tutoring services
• professional one-to-one advisement
• library resources and private study rooms
• access to computers and computer-based, learning resources
• more than 50 clubs and organizations
• intercollegiate and intramural sports and activities

PHSC partners provide more baccalaureate options

Through partnerships with other Florida colleges and universities, students may complete an array of baccalaureate or master’s degree programs on a PHSC campus or online. Current partners* include:

PHSC’s tuition is among the most affordable in the state of Florida. Also, more than 60% of our students qualify for financial aid and work study programs or are eligible for scholarships.
